

INTRODUCING

Anesthesia answers

FOR PATIENTS, BY NURSE ANESTHESIOLOGISTS

A new patient education resource

Better-informed patients start here

Anesthesia Answers is an open-access patient education resource created by CRNAs/nurse anesthesiologists to demystify the anesthesia experience. With information straight from the experts who deliver anesthesia care every day, it gives patients clear, credible answers to their most common questions, so they can go into any procedure informed, prepared, and confident.

About

Anesthesia Answers is...

- + A patient education website created by CRNAs/nurse anesthesiologists
- + Designed to help patients understand the complete anesthesia journey
- + A source of direct, credible answers to common anesthesia questions
- + A shareable resource that extends CRNA dedication beyond the procedure room

FAQ

Frequently asked questions

Who is it for?

Anesthesia Answers is for anyone facing a procedure that involves anesthesia or sedation. It's designed to be useful for patients and their loved ones at any stage of their anesthesia journey.

What makes it different?

Anesthesia Answers is created and backed by CRNAs/nurse anesthesiologists—the experts who deliver anesthesia care every day, making it an authoritative and trustworthy source.

Is it only for certain procedures?

No. While Anesthesia Answers addresses questions common to specific procedures and patient groups, it's a broad resource covering anesthesia across a wide range of clinical contexts.

How do I share it?

To get Anesthesia Answers in front of patients and colleagues, include the link in pre-procedure patient communications, add it to your patient portal or discharge instructions, share it on your organization's social media channels, or share this flyer.

Every patient deserves clear anesthesia information.

Share Anesthesia Answers with your patients, your colleagues, and your network.
